

Esri® Community Analyst

Better Communities Through Geography

View the latest American Community Survey variables on a thematic map showing the margin of error to ensure that your decisions are based on accurate data.

Plan disaster mitigation by viewing historical fire areas and nearby, vulnerable populations.

Use comparison reports to determine which infrastructure improvements should be funded and the impact of these decisions on populations and households.

Find optimal locations for immunization health clinics in low-income areas where large numbers of children are present.

Try Community Analyst free for 14 days.
